Dear ISWI Participant:

The following announcement comes from Goddard Space Flight Center in Maryland, USA. Please note that travel support is not available for this event this year.

```

=====
:
: 2-Week CCMC/SWRC Space Weather Boot Camp
: at NASA/Goddard (3 - 14 June 2013)
:
: This is to let you know that we will have our inaugural Space Weather
: REDI (Research, Education and Development Initiative) 2-week intense
: training camp during 3 - 14 June 2013 at NASA/GSFC (Goddard Space
: Flight Center), which is part of the broader CCMC/SWRC-Universities
: Space Weather Research, Education, and Development Initiative
: (SW REDI) (More on SW REDI can be found here:
: http://ccmc.gsfc.nasa.gov/support/SWREDI/swredi.php).
:
: Built upon previous training experience, this unique two-week
: intensive camp/course (-----
: -----) includes the in-house Integrated Space
: Weather Analysis system (iSWA; http://iswa.gsfc.nasa.gov), space
: environment models installed at the CCMC (http://ccmc.gsfc.nasa.gov), and
: the operational experience of the SWRC team (http://swrc.gsfc.nasa.gov).
:
: While the camp/course is mainly geared towards those motivated
: undergraduate students who either seek to be independent space
: weather forecasters or those who seek to perform space weather
: related research to fulfill academic requirements, it is also
: appropriate for scientists and others new to space weather who
: are interested in developing a global perspective regarding
: space weather, as well as those aiming to broaden their research
: topics.
:
: Please let us know if you'd like to send some people/students

```

: over (at participants' own cost/their home institution) to take
: advantage of this opportunity so we can make proper arrangements.
: Please feel free to forward this to those who may be interested.
