Dear ISWI Participant:

On behalf of the ISWI Secretariat, I am very pleased to announce a new section at the ISWI website --- please see the attached pdf for a screen shot of the website. This new section introduces the recently established "International Center for Space Weather Science and Education" at Kyushu University in Japan.

The new section is not completely finished -- but the first two sub-sections ("Background" and "Inauguration of ICSWSE") of it are finished. You are invited to peruse both sub-sections.

This new section was jointly created by myself (G. Maeda) and Mitko, who maintains the ISWI website on behalf of the ISWI Secretariat.

On behalf of ICSWSE, I would like to thank all the participants of "UN/Nigeria Workshop on ISWI", because their Abuja ISWI Resolution is, in effect, the birth certificate of ICSWSE.

Most cordially and faithfully yours,

: George Maeda
