: Re:  
: (Topic 1)  
: Question about magnetometer arrays in Africa.  
: (Topic 2)  
: Reminder about a space weather conference  
: that will take place in Oslo, 22–24 October 2012.

Dear ISWI Participant:

[ Please note that (Topic 1) and (Topic 2) are not related to each other. ]

. (Topic 1) Question

I am presenting an invited talk at "AGU Chapman Conference Ethiopia" in Addis Ababa in November. It will cover the MAGDAS magnetometer array in Africa -- and other arrays in Africa. Do you know of magnetometer arrays (in Africa) other than the four listed below ?

.....

1. MAGDAS
2. INTERMAGNET
3. AMBER
4. South African magnetometers operated by Peter Kotze.

.....

If you have some information in this regard, I would be much obliged if you contacted me by email so that I can include it in my talk this November. The name of the conference is

: "Hemispheric and Longitude Dependence of Space Weather";  
: 12–16 November 2012, Addis Ababa, Ethiopia.

This conference was announced in ISWI Newsletter Vol. 4, No. 64.

. (Topic 2) Reminder

The organizer (Pal) of this conference asked me to send out a reminder. It was originally announced by this newsletter as Volume 4, Number 42, on 19 April 2012. Please refer to it for more details, or visit the conference website :

<http://www.tiems.info/about-tiems/oslo-conference-2012.html>

TIEMS Conference on "Space Weather and Challenges for Modern Society"  
will take place in Oslo, Norway 22 - 24 October 2012.

Respectfully yours,

: George Maeda
