:                               UN/Nigeria Workshop on ISWI
:                               (two official websites now open)
:
```

Dear ISWI Participant:

There are two websites now open for your consideration with respect to

```
:
:           " UN/Nigeria Workshop on ISWI "
:
```

They are:

```
<http://www.unoosa.org/oosa/en/SAP/act2011/iswi/index.html>
(maintained by United Nations Office for Outer Space Affairs, UNOOSA)
```

```
http://www.iswinigeria.org.ng/
(maintained by Nigeria, the host of the workshop)
```

The following text (from UNOOSA) partly explains these two websites:

```
*****
..Since 2005 (UAE, India, Japan, Bulgaria, Korea, Egypt, Nigeria, Ecuador),
the workshop host countries/institutions maintain the official websites for
their UN workshops. Nigeria maintains fully the website for the UN/Nigeria
workshop. All these workshops are part of annual schedules of activities
of the United Nations Programme on Space Applications, endorsed by
UNCOPUOS and subsequently by UNGA resolutions.
```

: Editor's Note:

```
: UNOOSA : U.N. Office for Outer Space Affairs (Vienna, Austria)
: UNCOPUOS : U.N. Committee on the Peaceful Uses of Outer Space
: UNGA : U.N. General Assembly (New York City)
```

```
To show this, UNOOSA provides a webpage for each of the annual activities
of the Programme. This is the reason that we have a fully developed
website (Nigeria) and a webpage (UNOOSA) that can be used to apply to
participate/contribute to the workshop. On-line applications received by
Nigeria and UNOOSA will all appear in one file to be used by the
International Scientific Organizing Committee (ISOC) for selection of
prospective workshop participants (funded and self-funded).
```

---> Please note the various dead lines for this workshop in Nigeria.

Most cordially yours,
: George Maeda
